care and activities...

St Luke's takes great pride in providing first class levels of care to all clients. Our team of experienced Care Assistants take great pride in their work. Ensuring that all clients are being well looked after, physically and mentally.

The ongoing success experienced at St Luke's Residential Home includes being awarded 'Five Green Ticks' by the Care Quality Commission (CQC) due to St Luke's being fully compliant and meeting all of their high standards.

Friends and family of our residents have chosen to show their support and given testimonials about their experiences at St Luke's Residential Home, and we are proud to be one of the most recommended care homes on carehome.co.uk

dining and nutrition...

Here at St Luke's we realise the importance of nutrition for our residents and the benefits of having a healthy and well balanced diet. The right nutrition can make a significant difference in the well-being and health of our service users. Research even suggests that nutrition along with vitamins and minerals can play a major part in how people who suffer with Mental Health problems live their lives. Even down to things like reducing the pain of arthritis!

All the meals we serve are prepared and cooked here at the home using fresh, high quality ingredients.

- All dietary requirements can be catered for
- Home cooked, nutritious meals and snacks
- Varied menus to suit all tastes
- 5 star food hygiene rating

"My grandma spent a few weeks here after being in hospital. The care provided was brilliant". - Sally F

accomodation and bedrooms

The Home offers well-appointed bedrooms, which have been decorated tastefully to a high standard. Many of our rooms are en suite, and feature great views over the gardens.

Residents are encouraged to personalise their rooms by bringing with them belongings, pictures and their own furniture. This helps to ease the transition into a new home and creates a home-from-home environment for the clients to enjoy living in.

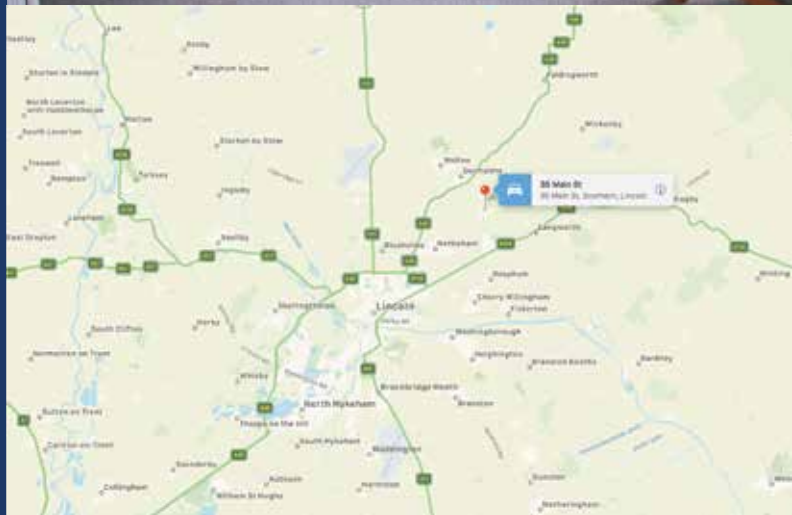

St Luke's also benefits from dedicated communal areas for our residents to relax in, including two seperate lounges and a dining area to enjoy a variety of home cooked meals in a home from home environment.

For more information, please do not hesitate to contact us.

"Finally, to demonstrate how the comfort and well being of residents is one of the most important objectives in St. Lukes we have, on her behalf and at her request, embarked on a make-over of her room, including new decor plus hard and soft furnishings. When complete, this will provide her with a feeling of independence, in a living area personalised to her own tastes.

So, well done St. Lukes..... Keep up the good work".
